AN APOLOGY.

The Villainous Article Written by "Chap" Taken Back and Pardon Asked.
Mr. Harry Pentecost took occasion yesterday morning through Tompkins to read the editor of THE LEADER to the recent scandalous attack upon him written by "Chap" and appearing in a recent issue of this paper. The LEADER admits that the communication was an outrage on his "sanctity" and desires to apologize for the same. What if "Harry" does wear creases in his pants' knees? They are his pants and his knees and nobody is responsible for them but himself. Again, whose business is it if he walks stiff-legged on the coast? They are his legs and he has a right to manipulate them in any manner he sees fit. If he wants to stiffen them, or lumber them or straddle them or cross them, "it's nobody's business but his own."

His white flannel clothes hadn't ought to bother anybody as long as he keeps them spotless and incorruptible in the future as he has in the past. His silk neckties are immaculate and it is villainous to criticize them. As to his trips to the Pacific coast, he is to be congratulated on his eye to business and ability to work the "society suckers."

Altogether THE LEADER considers that it did "Harry" an outrageous injustice and promises never to do or even think of such a thing again.

DISSOLVED.

The Divorce Mill Grinds and Holy Bands are Severed.

The full term of the probate court is now in full blast. Yesterday Judge Lawrence snapped in twain the bonds that held twelve happy souls together in less than half that many hours, and it wasn't a very good day for divorces either. The following are the ones freed for one cause or another:
Paul J. Everett from Julia A.; Allie M. Hartman from Aurelius; William M. Bowles from Octavia; Everett J. Dubois from Margaret; Lenora Mason from Peter; David Johnson from Carolina.

Jurors Drawn.

The following jurors have been drawn to appear for the full term of the district court:

GRAND JURY.

J. M. Kuykendall, Richard Conkling, John D. Moore, W. M. Rhodes, J. B. Stovall, J. F. Speer, J. R. Withers, Jos. Channess, E. E. Tallman, Guthrie; N. Foster, W. J. McCord, Lawrie; G. H. Justice, W. H. York, Mulhall; Frank Brown, Crescent City; Thomas Babb, Topeka; Derby Callahan, Marshall.

Grand jury summoned to appear Sept. 25th, 1893.

PETIT JURY.

C. F. Pegg, E. J. Wilber, H. M. Fielding, George Hopkins, W. H. Kinkadee, W. H. Bleakmore, W. T. Delaney, J. L. Murphy, J. W. Strickler, Guthrie; Sam F. Garrett, Phil Lemmon, John Rhon, Mulhall; John Schetropous, George A. Peck, Seward; R. P. Morton, J. L. Ayers, John Smack, Langston; R. F. Hancock, Cedar; Chas. M. Crocker, Lewis Scott, Crescent City; E. Rackwell, Lawrie; A. Lenhart, Spring Creek; James Dodd, Woodland.

Petit jury summoned to appear Sept. 25th, 1893.

The Book of the Fair.

We are in receipt of the second number of the Book of the Fair and it bears out the promise given in the first part.

It is conceded that in no other form will the great Columbian exposition be so fittingly portrayed for present use and permanent preservation as in the Book of the Fair, a work of 1,000 inc. perfolio pages, 12x16 inches, printed on the finest enameled paper, on the Michlo press as an exhibit in the fair, and now being published in twenty-five parts, of forty pages each, at \$1 a part.

SCHOOL NOTES.

The opening of the schools has been postponed to the 25th day of September.

The teachers will be arranged nearly the same as last year. Notice will be published soon where each grade is to go.

Pupils who for any cause did not take the examination at the close of last year, but are desirous of entering high school, eighth or seventh grades are requested to call at the superintendent's office September 13th. Those wishing to enter fifth or sixth grades are requested to call on the 14th.

Teachers will be examined in the school room in the Christian church, September 13th and 14th. All who expect to teach in the city schools must take this examination if their certificates expire on or before June 1st, '94.

The superintendent is in his office every day where he will be glad to meet parents, pupils or teachers.

Elected Officers.

The German Aid society elected the following officers last Sunday evening: P. Newman, president; David Hetsch, vice president; John Hartmann, corresponding secretary; A. C. Offhansen, financial secretary; P. J. Heilmann, treasurer.

Board of Trade Again.

The Board of Trade will resume its regular meetings again this month beginning to-night. The members should turn out in full as much can be done at this particular time that will be of importance to the city. Some movements are on foot that need the united consideration of all the members. Let there be a full attendance.

John in Trouble.

John Hines living west of town was arrested yesterday by Deputy Sheriff Brown and brought into town on a charge of bastardy. He had been having fun with a female several years his senior who had been married a couple of times and has some children to start with. The lady's name is

Salie Oldham. The kid has not yet seen the light but the old lady, being about 40, and having seen something of the world herself, took time for the forelock and had Johnny cinched before he had time to get away.

Cadet Barnes.

Colonel C. M. Barnes and family are back from the world's fair. They were accompanied by Harry, now a cadet at West Point and off on his annual vacation. Bart has developed into a fine looking fellow and appears every inch a soldier. He has made fine progress and will return and renew his studies about October 1.

Stuffed Man.

Officer Joe Pentecost last night captured the coon that stole a grip full of clothes from the Herschfeld at the Palace hotel the other day. His name is Bill Williams and he had on the clothes walking around big as life. He is a servant at the Daily hotel.

PERSONAL AND GENERAL.

Rev. E. C. Swartz, D. D. of Arkansas city was in Guthrie Monday on business.

Rev. A. G. Murray of Oklahoma City accompanied by his wife spent Sunday night and Monday in the city.

The regular session of the Oklahoma annual conference is to be held in this city in December next.

Mrs. McGovern and little Meriam spent Saturday and Sunday with friends in this city on her way home from the exposition.

C. W. Churchill of Milwaukee is in the city.

Frank Ellsworth of Toledo, Ohio, and D. R. Dickerson of New York City are in town representing the Massachusetts Mutual Life Insurance company. They are more than pleased with Oklahoma and will probably make it their home.

Ed Donnelly returned yesterday from Arkansas City. He says everything is wide open there, the saloons and flum-flam games running at full speed as in the early days of Guthrie.

Judge Sears and daughter, Miss Helen, are over from Chandler, the latter the guest of Miss Alice Schuchel. Miss Helen leaves to-day for a visit to El Dorado, Kan.

Clarence Elrich is back from Chicago looking well and ready for the race.

Illius Mann has returned from Chicago.

County Attorney King of Stillwater is in the city.

M. L. Turner, cashier of the Capitol National, returned with his family Monday night from Colorado Springs and Chicago.

Attorneys Enright and Stewart are over from Chandler on business of a legal nature.

Miss Tempe Murphy has returned from an extended visit to her old home in Kentucky.

Senator J. W. Cleveland returned yesterday from an extended visit at Colorado Springs. He went to Oklahoma City last night.

Judge George B. Clayton was a passenger on last night's train for Oklahoma City.

George Gardiner and J. Malcolm Johnston have formed a law partnership and will do business in Guthrie. This will be a strong team. Mr. Gardiner went to El Reno to try a case last night, and Mr. Johnston to Poteau for the same purpose.

Mr. W. S. Fontions, local cashier for Kansas City of the Chicago, Milwaukee and St. Paul railway, is registered at the Royal. He thinks of locating in the strip.

George Taylor returned from Stillwater yesterday and reported quite a scare there night before last. A number of men were taken the city bringing in some cases and it was feared the robbers had reorganized to loot the town. He also stated that Orlando had run out of water and was unable to supply the business who were leaving the town in large numbers.

Wanted—A good second hand spring wagon, suitable for driving into the strip.

A Spider's Strength.

The strength of some of the spiders which build their webs in trees and other places in and around Santa Ana, Central America is astonishing. One of them had in captivity in a tree there not long ago a wild canary. The ends of the wings, the tail, the feet of the bird were bound together by some sticky substance, to which were attached the threads of the spider, which was slowly but surely drawing up the bird by an ingenious pulley arrangement. The bird hung head downward and was so securely bound with little threads that it could not struggle, and would have soon been a prey to its great, ugly captor if it had not been rescued by an on-looker.

Curious About Human Hair.

The study of the hair upon human species offers an extensive field for inquiry, and one which presents many unsolved problems of the first order of importance. Why human hair is so abundant, and why it is so variously explained, and the difference between the varieties of the human race are so great in this respect that one of the most popular superstitions of species is founded upon it. That the human family have the longest hair of any species of animal is a well-known fact, but why they lost it over most of the body is a subject for much curious conjecture and speculation.

Which Was the More Sincere Mourner?

When a Philadelphia man was killed by accident the other day two women appeared, each claiming to be his widow. After some consultation they came to an amicable agreement, whereby one took possession of the body of the dead and the other of his life insurance of \$500. Persons fond of sociological studies can temporarily abandon such problems as "The Tiger" or "The Tiger" and decide which of the so-called widows was the more sincere mourner.

HOW THE CROPS ARE.

The Wind Market for the Past Week and Outlook for Products.

THE WEATHER.

The average temperature for the week was 49 degrees, which is about five degrees below the normal. Highest 75 at Poteau, lowest 47 degrees at Amarillo. No rain fell at the sun-shine was continuous.

Northerly winds prevailed during the first five days of the week, keeping the temperature low and the weather pleasant. Southerly winds prevailed on the 2nd and 4th, bringing the temperature up to the normal for those days. The week's weather has been favorable to the farmer's interests, abundance of sunlight and absence of rain being the conditions desired.

THE CROPS.

All crops are matured and safe with the single exception of cotton, which is from two to three weeks late.

In the southern section, (Oklahoma and Choctaw nations) the bolts are nearly all open and picking began; in the other sections only the lower bolts are beginning to open. The crop has come out wonderfully during the past two weeks. Grass, too, has done finely and a good crop is being harvested, the weather being perfect for cutting and stacking. The greater part of plowing for wheat has been completed and some wheat has already been sown.

SELECTED OBSERVER'S REMARKS.

Blaine county.—Corn has matured ideal weather for haying and preparing for wheat, as the weather has been cool and clear, work is being pushed to full limit. Far more feed than needed and stockmen would do well to drive cattle here to winter.—J. M. Rice.

"G" County.—All crops safe. Yield very large.—Rev. C. E. Roberts.

Canadian County.—The fine rains of last week keeps the ground in fine condition.

Lincoln and Pottawatomie Counties.—Cotton is late but the present conditions point to the largest yield per acre ever raised. From 15 to 2000 bolts per acre. Lower bolts opening.—Perry Rodkey.

Kiowa Nation.—The past week's weather has been good for such crops as are now growing. Grass is getting fine for hay, and there will now be plenty of it.—L. A. Cleveland.

Chickasaw Nation.—Cotton about all open on uplands, and should the weather remain dry for ten or twelve days, will see it all on the market.—A. W. Parker.

Choctaw Nation.—Everything in fine condition except cotton, which is doing fairly well; most too much rain and cool weather; bull worms working on it considerable.—William Noble.

North Chickasaw Nation.—Crops all in good condition.—L. Spitzer.

Beaver County, (Northwest)—grass was never so fine; brown corn and melons growing finely. Feed will be more plentiful than ever; hay much improved. Rivers have been overflowing from heavy rains.—A. R. Henderson.

Texas (Eastern Pottawatomie County).—Rains in the past have not been abundant here as elsewhere. Rain is needed for fall plowing and seeding.—D. S. Harris.

JAMES I. WIDEMER.

Observer Weather Bureau Director, Oklahoma City, O. T., September 5, 1893.

About Right.

I say Tom, are you going to that newfangled social?

Tom.—What sort of a social is it John?

John.—A chestnut social.

Tom.—Where?

John.—At the First Methodist church.

Tom.—Indeed! When?

John.—This evening.

Tom.—[Indistinctly] A chestnut social. See here, John, what is a chestnut social?

John.—I don't know, no one seems to know. Let's go and see, it will neither take us long nor cost much.

Tom.—Agreed!

Mrs. J. M. G.

The well known firm of Morgan & Pannocost, composed of John L. Pannocost and B. L. T. Morgan, author of Morgan's Manual of the United States Homestead and Townsite Laws, have made arrangements to open an office at Poteau, where the land office for the eastern part of the strip is to be located. The wide experience and reputation of this firm insures them a large patronage.

The Little Ah Shi.

In one of the Sunday schools at Olympia is a little Chinese boy who takes great interest in the proceedings. When impressed with the propriety of bringing a nickel to put in the contribution box, he promptly responded; but, as he parted with it, he asked: "What for?" The teacher replied: "It's for Jesus, my dear." The second Sunday the same question and the same answer. The third Sunday the same; but now the little Celestial's eyes opened with earnestness, as he further asked: "Jesus alius bloke?" The reply of the teacher, is not recorded.

Death of "Mother Shipton."

Mother Shipton is dead; at any rate the real author of her famous prophecies is no more. In other words, the book-selling world has to deplore the loss of Charles Hindley, who long ago confessed to the innocent imposture. He wrote a good deal in one day or another, partly to the press and partly in books, but Mother Shipton was his most famous achievement. He died at Brighton, England, where he used to carry on the business of a bookseller.

A Siamese Custom.

Among the Siamese the curious custom obtains of reversing the elbow joint of the left arm as a sign of superiority. The children of both sexes are trained to reverse their elbow in this graceless and painful manner at an early age, if their parents are of high grades.
